Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Planning for emergencies is not only smart, but also vital to maintaining our way of life. Most people stock extra food, water, and other emergency supplies. But what about the most overlooked, and yet vital life-sustaining product, Prescription Medication? Some people depend on their daily prescription medication to keep them as healthy as possible. But, what if that supply was suddenly cut off by a natural disaster or some sort of societal collapse? This handbook will examine this often neglected area of preparedness planning. The author is a practicing pharmacist and knows how the drug business works. He will give you tips and strategies to help maximize your supply of medication, how to best preserve that prescription medication, and examine the possibility of viable alternatives.
