Createspace, United States, 2014. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Seeking to find the truth The approach we take in this book will be rather unique. We are on a journey to find the truth. In so doing I will give you as many facts that I think you need to make a decision. This not an exhaustive book. Too many exhaustive approaches are exhausting! So this book is not written for the scholarly person but for the average seeker who wants to think through the options regarding God. In so doing it is simple in its approach, not the typical theological or philosophical approaches you see in many books. Though I do not discount theology or philosophy and will use them often in the book, I do not get caught up in theological and philosophical language that the normal layman is not familiar with. Above all, I am showing you a system on how to discover the truth, using a simple, logical approach that will be easy to understand and follow. This book is not at all an in-depth study where you will have to plod through a lot of data. It is meant, rather, to be an outline, a foundation that will help you with further studies if you desire. Many of you will like what I write. Others will become angry because I have taken a position that in not in line with what you think and believe. I encourage you that if you get angry or frustrated with me, keep reading and seek to assimilate the ideas I give. They may give you a new framework as you think about God and whose God is God.
