## IPAD MUSIC: IN THE STUDIO AND ON STAGE

DOWNLOAD

Taylor Francis Ltd, United Kingdom, 2012. Paperback. Book Condition: New. 226 x 150 mm. Language: English . Brand New Book. Just as computer software changed the face of performing and recording over the past decades, Apple s iPad(R) tablet has the power to change how you produce music today. Author Mark Jenkins summarizes the iPad tablet s massive potential for music creation, explaining in detail how all iPad models can connect to musically oriented accessories and reviewing the vast range of audio inputs, microphones, MIDI interfaces, music keyboards, drum controllers, and even DJ and karaoke equipment now available. Keyboard players, guitarists, drummers, vocalists, DJs, karaoke singers, and experimental musicians, whether experienced or just starting out, can all benefit from expanding the amazing built-in abilities of the iPad using carefully chosen musical add-ons and accessories. Mark Jenkins explains and reviews the musical potential of iPad-oriented music equipment from dozens of manufacturers, including Akai, Alesis, IK Multimedia, Korg, Line 6, M-Audio, Novation, Roland, TASCAM, and many others. The potential of Android tablets for music creation is also examined. Appendices list in detail the specifications for the iPad interface sockets and include links to Apple s schemes for software and hardware developers.
