Medieval Institute Publications, United States, 2010. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book. This sourcebook presents editions and translations of seven fourteenth- and fifteenth-century texts that advance our understanding of gender, sexuality, and class in the late medieval German-speaking world. Three of the translated texts are fiction. Additionally, there is a religious treatise, a religious legend, an inventory of books, and a legal document. While each of these texts is instructive in and of itself, they gain in complexity when brought into dialogue with one another.
