REAL ESTATE INVESTMENT IN BANGLADESH A FURTHER STUDY

LAP Lambert Academic Publishing Jan 2015, 2015. Taschenbuch. Book Condition: Neu. 220x150x4 mm. This item is printed on demand - Print on Demand Neuware - Like any other country in the world, the housing sector plays vital roles both in the context of the economy of Bangladesh and serving the fundamental human right of shelter. Apart from providing physical shelter, housing may have significant impact on the lives of the dwellers in terms of skills enhancement, income generation, increased security, health, self-confidence and human dignity. Bangladesh, like many other developing countries, faces an acute shortage of affordable housing both in the urban and rural areas. Moreover, housing affordability is being eroded by poor land administration policies, which have resulted in very high land prices that make urban housing prohibitive for lower-income groups. Also, there is no active secondary market for real estate, mainly because of the high transfer taxes and an uninterrupted long-term increase in land prices. In spite of all these, this sector has experienced considerable growth in past few decades. 60 pp. Englisch.
