OPENING STANDARDS: THE GLOBAL POLITICS OF INTEROPERABILITY (HARDBACK)

MIT Press Ltd, United States, 2011. Hardback. Book Condition: New. 231 x 155 mm. Language: English . Brand New Book. Openness is not a given on the Internet. Technical standards--the underlying architecture that enables interoperability among hardware and software from different manufacturers--increasingly control individual freedom and the pace of innovation in technology markets. Heated battles rage over the very definition of openness and what constitutes an open standard in information and communication technologies. In Opening Standards, experts from industry, academia,...

It in one of the best book. Better then never, though i am quite late in start reading this one. You wont feel monotony at at any moment of the time (that's what catalogues are for regarding in the event you check with me).

-- Dr. Kristin Dickens

Undoubtedly, this is the best function by any writer. This really is for those who statte there was not a really worth reading. Its been written in an exceptionally basic way which is merely right after i finished reading through this book by which really transformed me, change the way i really believe.

-- Dr. Deonte Hammes DDS
