Brand New Book ***** Print on Demand *****.Excerpt from Report of the Inter-Agency Committee on Low-Level Radioactive Waste to the General Assembly: April 1, 1988 The Inter-Agency Committee (lAC) on Low-Level Radioactive Waste, established by Section 23 of Chapter 850 (North Carolina Low-Level Radioactive Waste Management Authority of 1987) of the 1987 General Assembly, was created to assist the Low-Level Radioactive Waste Management Authority (LLRWMA) in the performance of its responsibilities, i.e., in the establishment of a low-level radioactive waste management facility in North Carolina, and to advise the General Assembly. The Committee is chaired by the Chairman of the Governors Waste Management Board (GWMB) and has a total of nine members, three each from the GWMB, the Radiation Protection Commission, and the LLRWMA. The Committee has the following mandated responsibilities: (1) determine the sequence of tasks required to be accomplished in order to site, design, construct, and place into operation a low-level radioactive waste disposal facility, determine the time likely to be required to accomplish those tasks, construct a timetable of task completion dates, and estimate the resources required to accomplish those tasks;...
